2. Reverse engineer, decompile or disassemble the End User Software.
3. Use, copy, modify, sell or transfer the End User Software except as provided in this Exhibit B.
4. Remove any copyright notices from the End User Software or any copies thereof.

3. The End User Software is provided "AS IS" without any express or implied warranty of any kind, including warranties of merchantability, noninfringement of third-party intellectual property or fitness for any particular purpose.

This use by or for the U.S. Government clause is in lieu of, and supersedes, any other FAR, DFARS, or other provision that addresses Government rights in the computer software or documentation covered by this license.

6. The End User License may be terminated at any time if the End User is in breach of any of its terms and conditions. Upon termination, the End User must immediately destroy the End User Software or return all copies.
